Projects
Apt. Combination

To Whom It May Concern,

Paniccia Construction recently completed the renovation of three Alcove Apartments, combining them into one large, two bedroom apartment. Mario and his crew were very professional in their approach and kept our needs and requests their top priority.

Our facility is fully occupied with residents living around the project area 24 hours a day/7 days a week. Paniccia Construction was very accommodating in working within our allotted timeframes and with our cleanliness requests. They communicated extremely well with us throughout the project and we were very pleased with the results. We would not hesitate to use them again on other projects.

Sincerely,

Steve Lucia
Director of Projects
